Macedonia International Medical Coding Curriculum

MIU Medical Coding Curriculum program and cost are competitive, and affordable.

MIU Medical Coding Curriculum prepares students to take the Certified Professional Coder examination to become a Certified Professional Coder (CPC).

The cost of the Medical Coding program is \$3,350 that includes a \$50 non-refundable Administration & Registration Fees.

Additionally, MIU cost of \$3,300 includes this program includes three codebooks and a Study Guide Training Manual.

1. 2024 ICD-10-CM Expert edition, published by AAPC, to code medical problems or diagnosis.
2. CPT 2024 Professional edition, published by American Medical Association, to code medical procedures.
3. 2024 HCPCS II Expert edition, published by AAPC, to code medications and other purchases.
4. 2024 AAPC Training Manual for the CPC examination.

Also included are Domestic Violence, and Health/Nutrition courses; plus, other medical purchases.

The American Academic of Professional Coders (AAPC) Annual Membership Fee and the Certified Examination Fee are paid directly to AAPC and are not included in the Medical Coding Program cost paid to MIU.

The Exam

The exam is offered by the American Academy of Professional Coders (AAPC). Both the annual fee and examination fee must be paid directly to AAPC, before the CPC exam can be taken. After payment, students will receive a Professional ID, with a unique number that is required to sit the exam. Your professor will give you more information about it.

Payment

Full payment is non-refundable.
Those students who are unable to make payment in full, should inquire about MIU's

installment payment plan.

Installment Plan + tax:

1st Payment of 40% or \$1300.00 due August 15th, 2024.

2nd Payment of 30% or \$1005.00 due October 15th, 2024.
